

# CARE HOME VISITOR

## TRANSPORT SERVICE

WE ARE AWARE THAT SOME PEOPLE FACE REAL DIFFICULTIES WHEN TRAVELLING TO VISIT RELATIVES OR FRIENDS IN CARE AND NURSING HOMES.

To try and overcome this barrier and establish the need/demand, we are looking to run a short pilot scheme, where we will offer free transport to a limited number of care homes. We will shape this service on customer preferences, but it will probably run predominantly at weekends and in evenings.

So we are initially looking for care homes to come forward and offer to be part of this pilot project – don't worry if you feel that you may only have 1 or 2 relatives for whom this may be relevant as we will try and see if we can fit it in with other homes close by.
