Due to low ticket sales within certain areas, the following zone tickets will be withdrawn on 27 March:

- Blairgowrie
- Brechin
- Cupar
- Cupar +
- Edinburgh
- Edinburgh P&R
- Falkirk
- Forfar
- Montrose

Any period tickets for these zones will continue to be valid until their expiry date.

In addition, it will no longer be possible to buy 13 week or 52 week megarider tickets from 27 March. Other longer period tickets (7 and, 4 week and monthly versions of these tickets) will still be available on a StagecoachSmart card and are available to buy online. Any paper tickets already in use for a 13 week or 52 week period will continue to be valid until their expiry date.

Already have a StagecoachSmart card?

Be smart with your card, reuse it! We will soon be introducing a 50p charge for new smart cards issued on the bus, so make sure you keep hold of the one you have. You can top up your card by buying a new ticket from the driver or online. Don't forget to register your card online too for better protection if it gets lost or stolen. It also makes buying your future tickets easier and you can make use of our dedicated StagecoachSmart helpdesk if something goes wrong.

Other Tickets

Flexirider tickets offer 12 adult single journeys for the price of 10, and are available for any journey on Stagecoach in Fife services. 10 journey tickets will be changed to flexirider tickets from 27 March. The ticket must be used within 28 days. Prices are based on the single fare and therefore the cost of a flexirider ticket will increase in line with single fare changes.

Edinburgh 12 journey tickets will also increase in price by £1.

Unirider ticket fares have not been revised and will remain as they are at present.
